Description

Arca plastic bins and containers are perfect for the storage of small items whether the requirement be in a warehouse, workshop, stores facility, van or office.

Arca bins can be stacked one on top of another to provide desk or assembly bench storage or form part of an integrated storage system. The Maxi Bins can be hung from a range of louvered panels that can be rack or wall mounted.

Arca bins can also be located on shelves to hold those small parts that would otherwise be difficult to store in conventional racking or used within a picking operation to transport parts to or from an assembly area.

Range

Small Part Handling › Plastic Bins & Containers

Arca bins are manufactured from high grade polypropylene which means that in addition to being both water and oil resistant, they are extremely durable and designed to stand up to constant use in a demanding work environment.

Sizes range from 0.4 to 21 litres in capacity and most Arca bins are available in four different primary colours; Red, Yellow, Blue & Green.

The bins incorporate an angled holder for the easy reading of a barcode or other type of label.

Quick fit lock-in dividers are available to segment the larger bins thus ensuring the maximum use of the available capacity.

Specifications

Small Part Handling › Plastic Bins & Containers

Storage Bins

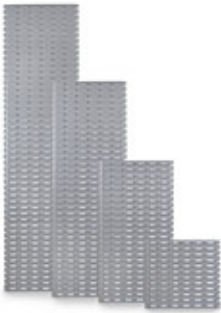

Arca bins are in 0.4, 0.75, 2.1, 4.25, 7.2, 10.0 and 21 litre capacities with internal dividers being available for the five largest sizes.

Dimensions

| Code | Width (mm) | Length (mm) | Height (mm) | Load (Kg) | Capacity (litres) |
|------|------------|-------------|-------------|-----------|-------------------|
| 1012 | 100 | 125 | 60 | 2.3 | 0.40 |
| 1017 | 100 | 175 | 85 | 4.5 | 0.75 |
| 1322 | 130 | 225 | 125 | 9.0 | 2.10 |
| 1830 | 185 | 300 | 145 | 13.0 | 4.25 |
| 1845 | 185 | 450 | 145 | 13.0 | 7.20 |
| 3730 | 370 | 300 | 145 | 18.0 | 10.0 |
| 4145 | 410 | 450 | 215 | 27.0 | 21.0 |
